Burgos Street, Bacolod City, 6100 Negros Occidental, Philippines.

EXPERIENCE

On-the-Job Training – Marayo Bank

I completed my On-the-Job Training at Marayo Bank in Bacolod City as part of the IT Department. During my internship, I was involved in assisting with day-to-day IT operations such as system monitoring, basic troubleshooting, and hardware maintenance.

Zoobook Systems LLC

August 2025 - Present

As a Customer Success Specialist at Zoobook Systems LLC, I manage client concerns through our ticketing system, assist users with issues related to their accounts inside Zoobook, and help troubleshoot workflow problems on the platform. I also conduct user training sessions to guide clients on how to use the system effectively. I document and escalate bugs to the development team, follow up on unresolved tickets, and provide clear, professional communication through email, chat, and meetings to ensure a smooth user experience.
